**2. Status Update**

Based on the outcomes provided in your Change Fund application, please complete the status update chart below, providing the final status of each deliverable.

Goal	Objectives	Expected Outcomes	Responsible Organization	Role	Deliverables/Outcomes Achieved

### 3. Narrative

- a) What challenges did you experienced in your collaborative project? How did you address these challenges?

- b) Based on the COVID-19 priority selected and target sector identified in your application, please summarize the impact of your initiative. How has it strengthened the ability of your collaborative to engage the community? You are welcome to include anecdotes, feedback and/or attach any related information you would like to share by including it with this report. Please send email to [cip@peelregion.ca](mailto:cip@peelregion.ca).

#### 4. 2020 Change Fund Capacity Funding

The Region of Peel supports agencies who provide social services to the community through the provision of investments aimed at enabling customized approaches to strengthening internal business practices, operational needs and overall capacity building. In alignment with the Change Fund philosophy, capacity building is a core program commitment. In 2020, through the lead agency/fiscal sponsor, each Change Fund collaborative was issued one time \$2,000 Capacity Building funding to be utilized in this funding cycle.

This investment is earmarked for a capacity building activity (i.e. training/workshop) to help enhance the success of the initiative's outcome as well as the collaborative's partnership. It is intended to support the overall health of the collaborative and must fall under the non-for-profit domains of Adaptive Capacity, Financial Capacity and or Operational Capacity.

As the lead agency of a 2020 Change Fund collaborative, please outline the Capacity Building activity that was undertaken as well as the outcome.

**The following questions are to be answered only by recipients of Change Fund Stream 2 funding.**

#### 5. Achievements
