Project 11-2201

PROJECT UPDATE

TWINNING OF THE EAST BRAMPTON TRUNK SEWER HWY 407 AND STEELES AVE EAST INTERSECTION TO GOREWAY DRIVE AND QUEEN STREET

SPEED LIMIT REDUCTION ON GOREWAY DRIVE AND HUMBERWEST PARKWAY

Starting January 19, 2018

What are we doing?

- Temporarily reducing the posted speed limit from 70 km/h to **50 km/h** during watermain and sanitary sewer construction on Goreway Drive and Humberwest Parkway.
- The temporary speed limit reduction will include both northbound and southbound traffic on Goreway Drive and Humberwest Parkway from Steeles Avenue East to Exchange Drive.
- Reducing the posted speed limit promotes worker and motorist safety for vehicles travelling through dedicated construction zones and traffic control measures.
- Once construction is complete, the posted speed limit will be reinstated to 70 km/h.

Motorists

- Please obey all posted traffic signs and the instructions of Paid Duty Police Officers when present.
- Lane reductions and major traffic delays can be expected. Please plan ahead or use an alternate route.
- Access to connecting side streets and driveways of businesses will remain open.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Olena Gordiyenko	Project Manager	905-791-7800 ext. 7843
Aecom Canada Limited
