PROJECT UPDATE

WATERMAIN REPLACEMENT – M-BLOCK CITY OF BRAMPTON

Dear Resident,

What are we doing?

- Concrete repairs, driveways and roadway pavement following the replacement of the watermain on Marmora Place and Maitland Street from Maitland Creek to Marmora Place.

Why?

- To start restoration following upgrades of the water distribution system.

When?

- We expect to start work on or about Monday August 15, 2016.

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- We will replace your sod as soon as we can. However, to ensure the health and establishment of the sod, we will delay the placement of sod to a period of cooler weather. Another notice will be delivered to inform you of dates of sod placement including instruction on how to help and care for the freshly placed sod.

Repairing Your Driveway

- If we have cut your driveway, we will repair the asphalt in the disturbed area from edge to edge across the driveway. Unfortunately the Region **cannot** completely replace your driveway.
- We will repair your driveway as soon as we can, but there may be a short delay.
- **If you would like to have the rest of your driveway paved at this time, please contact either the contractor or the paving subcontractor named on the front of this letter. These are the only two contacts for you. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**

Repairing the Road, Curbs, and Sidewalks

- We will start restoring the road and boulevard, weather permitting.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Melvin Gonzalez
Project Manager
