Project 13-1375 C

PROJECT UPDATE
WATERMAIN AND SANITARY SEWER REPLACEMENT – M-BLOCK
CITY OF BRAMPTON

What are we doing?

- Reinstating driveways, sod and road following the replacement of the watermain and sanitary sewer on Markham Street, Manorcrest Street, Montcalm Place and Marlow Place.

Why?

- To complete restoration following upgrade of the water distribution and sanitary sewer system.

When?

- We expect to start work on or about October 31, 2016.

Who can you call?

Contact Person	Responsibilities	Telephone Number
Peter Gallo	Supervisor	Office: 416-410-1551 Cell: 416-677-7634

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- The Contractor will take of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week.
- We will replace your sod as soon as we can, but there may be a short delay.
- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.
- Areas of boulevard not restored this year will be restored in the Spring of 2017.

Repairing Your Driveway

- If we have cut your driveway, we will repair the asphalt in the disturbed area from edge to edge across the driveway. Unfortunately the Region **cannot** completely replace your driveway.
- We will repair your driveway as soon as we can, but there may be a short delay.
- **If you would like to have the rest of your driveway paved at this time, please contact either the contractor or the paving subcontractor named on the front of this letter. These are the only two contacts for you. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**

Repairing the Road, Curbs, and Sidewalks

- All sections of curbs and sidewalks have been replaced on Markham Street, Manorcrest Street, Montcalm Place and Marlow Place.

Status Update on Madrid Crescent

- The Contractor is scheduled remobilize in the Spring 2017 to finalize the replacement of the watermain and sanitary sewer.
- We will leave the construction site in a safe condition for the winter.
- Temporary asphalt will be placed by November 18, 2016 ensuring a smooth surface for the winter months.
- Full restoration on Madrid Crescent will be done following the completion of the watermain and sanitary sewer in 2017.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Melvin Gonzalez
Project Manager
