

November 18, 2016
Project 13-1375 Assignment C

PROJECT UPDATE
WATERMAIN AND SANITARY SEWER REPLACEMENT – M-BLOCK
CITY OF BRAMPTON

What are we doing?

- Continuation of watermain and sanitary sewer installation on Madrid Crescent including water service connections and sanitary laterals.

Why?

- To upgrade the water and wastewater system capacity and reliability as part of the Region of Peel's State of Good Repair program.

When?

- We expect to start work on or about November 21, 2016, with a construction crew focusing on Madrid Crescent.
- The construction crew shall work until December 23, 2016, weather permitting.
- We will start restoring the road when all water and sanitary system replacements and connections are complete.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Melvin Gonzalez	Project Manager	905-791-7800, ext. 5042
Tom Graovac	Inspector	905-791-7800, ext. 3246
London Excavators and Trucking Ltd.		
London Excavators and Trucking Ltd. will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Massimo Sansone	Project Manager	416-247-6601
Frank Carelli	Supervisor	647-926-9201

Working Hours

- Our contractor's normal working hours are from 7 a.m. to 7 p.m. These hours are consistent with the local municipality's bylaws. We understand this may cause some inconvenience, but shorter working days mean the project would take longer to complete.

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- On-street parking will be reduced during construction.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- Please call the Project Manager if you have special needs related to access or business hours.

Irrigation or Sprinkler Systems

- Please tell the inspector if you have underground irrigation or a sprinkler system outside your property line.

Interrupting Your Water Supply

- It is our goal to let you know 48 hours (2 days) in advance if we need to shut off your water. Occasionally, we may have to reduce this notice to 24 hours.

Vibrations

- You may feel slight vibrations from the construction work.

Replacing and Taking Care of Your Sod

- Areas of boulevard not restored this year will be restored in the Spring of 2017.

Repairing Your Driveway

- If we have cut your driveway, we will repair the asphalt in the disturbed area from edge to edge across the driveway. Unfortunately the Region **cannot** completely replace your driveway.
- We will repair your driveway as soon as we can, but there may be a short delay.
- **If you would like to have the rest of your driveway paved at this time, please contact either the contractor or the paving subcontractor named on the front of this letter. These are the only two contacts for you. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**

Repairing the Road, Curbs, and Sidewalks

- Trenches on all streets shall be restored with asphalt to the existing road surface.
- As part of the overall improvement for the M-Block, the City of Brampton shall pave these streets as part of their road resurfacing program upon the expiry of the Region's warranty period.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Melvin Gonzalez
Project Manager
