Project 13-1375 CD

PROJECT UPDATE
WATERMAIN REPLACEMENT – M-BLOCK
CITY OF BRAMPTON

What are we doing?

- Concrete repairs, driveways and roadway pavement following the replacement of the watermain on Maitland Street, Mackay Street, North Park Drive, Wolverton Crescent and Majestic Crescent.

Why?

- To start restoration following upgrades of the water distribution system.

When?

- We expect to start work on or about Monday November 28, 2016.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Melvin Gonzalez	Project Manager	905-791-7800, ext. 5042
Solomon Gyabaah	Inspector	905-791-7800, ext. 3246
Lancorp Construction Co. Ltd.		
Lancorp Construction Co. Ltd. will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Anthony Abbruscato	Project Manager	647-500-2227
Tony Vuocolo	General Manager	416-677-2834

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- The Contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week.
- We will replace your sod as soon as we can, but there may be a short delay.
- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.
- Areas of boulevard not restored this year will be restored in the Spring of 2017.

Repairing Your Driveway

- Due to inclement weather, if we have cut your driveway, we will temporarily repair the small area disturbed.
- The contractor will return in the Spring of 2017 to permanently resurface the disturbed area from edge to edge across the driveway. Unfortunately the Region **cannot** completely replace your driveway.
- **If you would like to have the rest of your driveway paved upon our return, please contact the contractor named on the front of this letter. This is the only contact for you. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**

Repairing the Road, Curbs, and Sidewalks

- We will start restoring the road and boulevard, weather permitting.

Status Update on Majestic Crescent and Mayfair Crescent

- The watermain on Majestic Crescent and Mayfair Crescent will not be replaced. The watermain are newer and much more durable material than initially anticipated.
- This was determined by on-site investigations by the Region of Peel and the Contractor.
- Any disturbed areas of the road and boulevard resulting from these investigations will be restored this year.
- Areas not restored this year will be restored in the Spring of 2017.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Melvin Gonzalez
Project Manager
