Project 13-1375 Assignment CD

**PROJECT UPDATE**  
**WATERMAIN REPLACEMENT – M-BLOCK**  
**MAITLAND STREET, MACKAY STREET SOUTH & WOLVERTON CRESCENT**  
**CITY OF BRAMPTON**

Dear Resident,

**What are we doing?**

- Commencing driveway repairs and continuing boulevard restoration following the replacement of the watermain on your street.

**Why?**

- To finalize the restoration following upgrades of the water distribution system.

**When?**

- We expect to start work on or about Monday May 29, 2017.

**Who can you call?**

<b>Region of Peel</b>		
<b>Contact Person</b>	<b>Responsibilities</b>	<b>Telephone Number</b>
Melvin Gonzalez	Project Manager	905-791-7800, ext. 5042
Solomon Gyabaah	Inspector	905-791-7800, ext. 3246
<b>Lancorp Construction Co. Ltd.</b>		
Lancorp Construction Co. Ltd. will do the work, under contract to the Region of Peel		
<b>Contact Person</b>	<b>Responsibilities</b>	<b>Telephone Number</b>
Anthony Abbruscato	Project Manager	905-660-0778
Tony Vuocolo	General Manager	905-660-0778
<b>DiNatale Paving</b>		
Subcontractor to Lancorp Construction Co. Ltd.		
<b>Contact Person</b>	<b>Responsibilities</b>	<b>Telephone Number</b>
John DiNatale	Owner	Office: 416-684-7140
Peter Tetro	Field Manager	Cell: 416-676-2421

**Traffic and Parking Control**

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

**Driveway Access**

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

### **Replacing and Taking Care of Your Sod**

- We will place topsoil and sod in disturbed areas from the watermain upgrades. Areas which have settled over the winter months will be filled in with new topsoil and sod.
- The contractor will take care of any sod we replace for 30 days
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.

### **Repairing Your Driveway**

- If we have marked or cut your driveway, we will repair the asphalt in the disturbed area as marked on your driveway. Unfortunately the Region **cannot** completely replace your driveway. **Please review the marks on your driveway.**
- We will repair your driveway as soon as we can, but there may be a short delay.
- **If you would like to have the rest of your driveway paved at this time, please contact either the contractor or the paving subcontractor named on the front of this letter. These are the only two contacts for you. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**

### **Project Updates**

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Melvin Gonzalez  
Project Manager
