Project 16-1177

NOTICE OF LANE REDUCTION Watermain Replacement and Improvement Clarkway Drive at Mayfield Road

The Region of Peel has been working in your neighborhood to install new watermain along Mayfield Road. This work is required to maintain and improve existing water infrastructure.

At this stage in the project, new watermain needs to be installed in the southwest corner of the intersection of Mayfield Road and Clarkway Drive. This work will take place in the boulevard near the edge of the roadway however construction equipment will be occupying one lane on Clarkway Drive in the vicinity of the intersection.

Traffic impacts

Clarkway Drive will be reduced to one lane to complete this work. This temporary lane reduction is expected to occur on **Monday, November 21st to the 25th from 7 a.m. to 7 p.m. each day.** During this time, traffic will be directed through using flag persons and police at the intersection. Please see the attached map for the location of the lane reduction. Residents who live on the street will have access to their homes. Access to businesses will be maintained. This lane reduction may cause traffic delays. We ask for your patience and will try to minimize any delays.

Keeping you informed

Weather and other unpredictable events may change the date of this road closure. Receive timely project updates right to your inbox by signing up for e-notices at [peelregion.ca/construction](https://www.peelregion.ca/construction).

Safety during construction

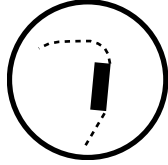

Construction zones require extra caution to keep everyone safe – pedestrians, cyclists, drivers, and construction workers. When driving, walking, or biking through the construction area, please be aware of your surroundings, watch for construction crews and other road users, slow down, account for delays, and consider other routes if possible. To learn more about how to stay safe in construction zones, visit <https://www.peelregion.ca/construction/workzonesafety>.

Thank you for your patience as we complete this necessary work. This work will allow us to continue providing you with high quality tap water. If you have any questions, please contact us.
