Project 17-1168S

Project Update

WATERMAIN INSTALLATION ON GOREWAY DRIVE AUCTION LANE TO INTERMODAL DRIVE CITY OF BRAMPTON

What are we doing?

- Resurfacing the asphalt on the disturbed lanes of Goreway Drive from Auction Lane to Intermodal Drive.
- Completing the reinstatement of sod, pavement markings, and curbs following the completion of watermain improvements.

When?

- We expect to start work on or about May 1, 2019, weather permitting.
- Final roadway restoration work should be completed before May 31, 2019.

Traffic Impacts?

- During peak traffic times, every effort will be made to maintain two or more lanes of traffic on Goreway Drive.
- During final asphalt milling and paving, we will need to reduce Goreway Drive to a single lane in either direction for less than one week in duration.
- Left turns at driveways and intersections may be impacted for short durations while work progresses.
- **Expect major delays**, and please obey all traffic signs, Paid Duty Police Officers and flagpersons when present.
