PROJECT UPDATE WATERMAIN AND SANITARY SEWER REPLACEMENTS ON SKEGBY ROAD AND CARTER DRIVE CITY OF BRAMPTON

What are we doing?

- Temporarily reinstating the road, driveways, and curb following the replacement of the watermain sanitary sewer along Carter Drive and Skegby Road.
- Permanent road, driveway, curb and sod restoration will be completed in Spring of 2020.
- Sanitary and Watermain construction will continue on the east portion of Skegby Road this fall.

When?

- Temporary road restoration has been completed in most areas and will continue where underground work is ongoing. Driveway restoration will start in a few weeks.
- The project should be completed by June 1, 2020.

Who can you call?

Region of Peel		
Contact Person	Responsibilities	Telephone Number
Adam Morrin	Project Manager	905-791-7800, ext. 7825
Joanna Pietkiewicz	Project Manager	905-791-7800, ext 7815
Joseph Vivilecchia	Inspector	905-791-7800, ext. 3246
Rymall Construction		
Rymall will do the work, under contract to the Region of Peel		
Contact Person	Responsibilities	Telephone Number
Bob Clarke	Project Manager	1-416-745-0707, ext. 227
Piero Fabiano	Site Superintendent	

Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.
- We will replace your sod as soon as we can, but there may be a short delay.

- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

Repairing Your Driveway

- A temporary asphalt patch will be installed around the water services box in the coming weeks. No granular material will remain over winter.
- In the spring of 2020, your driveway will be fully restored. At this time, you will receive another notice at the start of restoration where we will repair the asphalt in the disturbed area from edge to edge across the driveway. Unfortunately, the Region **cannot** completely replace your driveway.

- **If you would like to have the rest of your driveway you will be provided a contact in the Spring notice. Please do not accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, we will repair all areas damaged by our construction; however, we are unable to completely replace your driveway.**
- If we damaged a portion of your **interlock driveway**, our contractor will fully reinstate it this year
- We will repair your driveway as soon as we can, but there may be a short delay.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!
 Adam Morrin
 Project Manager
