

April 9, 2020
Projects: 18-2252 and 15-1345

CONSTRUCTION WORK STARTING IN YOUR NEIGHBOURHOOD CAWTHRA ROAD AND HYACINTHE BOULEVARD

We have started construction of the Cawthra Rd. Sanitary Sewer and Watermain, Phase 2. This is part of the Region of Peel's multi-phased project to reduce basement flooding by diverting wastewater flow away from areas prone to surcharging, expand sanitary sewer capacity, and upgrade the water system capacity and reliability. The Phase 2 project limits are shown on the attached map.

The scope of the Phase 2 project includes:

- Installing 1500mm diameter sanitary sewer on Cawthra Rd from Burnhamthorpe Rd E to Bloor St, by tunnelling.
- Installing 1200mm diameter sanitary sewer on Bloor St W from Mississauga Valley Blvd to Cawthra Rd, by tunnelling.
- Installing smaller diameter sanitary sewers and watermains along various adjacent streets, by the open cut method.

PROJECT FACTS

Noise level:

Medium, some vibrations might be felt.

Contractor:

Technicore Underground Inc.

Site Inspector:

Cole Engineering Group Ltd.

SCHEDULE

Overall construction started in November 2019 and is expected to be substantially completed by January 2021.

We will be preparing for a sanitary sewer connection at Hyacinthe Blvd and Cawthra Rd. You can expect to see a large drill rig stationed at the intersection which will require us to close the intersection. Please detour via Breckenridge Rd. Work in the area is expected to be completed in 5 working days starting on April 12, 2020 (weather permitting).

We will return to Hassall Rd to replace a section of a sanitary sewer and watermain which will also impact the traffic in your street. We will let you know when this work will take place.

REDUCING THE IMPACT OF CONSTRUCTION

- We will manage traffic to minimize disruption to vehicles, cyclists and pedestrians.
- Regular working hours will be 7 a.m. to 7 p.m., Monday to Friday.

COVID-19

In response to the current COVID-19 pandemic, the government of Ontario has deemed construction an essential service. As we continue to deliver these services, we have implemented various controls to protect the health and safety of our employees, contractors and the community we serve.

- Complying with new Provincial Guidelines for Construction, available online at: [ontario.ca/page/construction-site-health-and-safety-during-covid-19](https://www.ontario.ca/page/construction-site-health-and-safety-during-covid-19).
- Physical distancing, where and when feasible.
- Using personal protective equipment, particularly for high-contact areas.
- Adjusting work schedules and shifts.

TRAFFIC, DRIVEWAY AND PARKING INFORMATION

- All roads and streets within the project limits with exception of Hyacinthe Blvd will always remain open to traffic; however, we may need to temporarily reduce traffic to a single lane during some portions of work.
- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- On-street parking will be reduced during construction.

PROJECT UPDATES

- The Region of Peel will always let you know if there are any major changes to the plans.
- All the project notices are on line at [peelregion.ca/pw/construction/miss/15-1345.htm](https://www.peelregion.ca/pw/construction/miss/15-1345.htm)

Thank you.
