Traffic and Parking Control

- We may need to reduce traffic to a single lane during construction.
- If we have to reroute traffic, we will place signs giving directions.

Driveway Access

- Due to construction activities, we may need to block your driveway for a short time. We will contact you before we do this to arrange for the best time and for alternate access, if needed.
- We will make sure businesses have access at all times.
- Please call the Project Manager if you have special needs related to access or business hours.

Replacing and Taking Care of Your Sod

- The contractor will take care of any sod we replace for 30 days.
- You can help the sod to stay healthy by watering it for one hour in the early morning, two or three times a week. This is especially important in hot or dry weather.
- We will replace your sod as soon as we can, but there may be a short delay.
- It is very common for the work area to settle a bit following construction. If you notice any settlement, please let the project manager or inspector know and we will ensure the contractor fixes it.

Repairing Your Driveway

- If we have cut your driveway, we will repair the asphalt in the disturbed area from edge to edge across the driveway. Unfortunately the Region **cannot** completely replace your driveway.
- We will repair your driveway as soon as we can, but there may be a short delay.

NOTES: a) - REPLACE EXISTING WATER SERVICE TO PROPERTY LINE

- If you would like to have the rest of your driveway paved at this time, please contact the contractor named on the front of this letter. Please **do not** accept direct solicitation from any contractor telling you that they have been retained by the Region. Please remember this is your option. If you choose to do nothing, **we will repair all areas damaged** by our construction; however, we are unable to completely replace your driveway.

Project Updates

- The Region of Peel will always let you know if there are any major changes to the plans.
- We will try to disturb you as little as possible.
- Please call the project manager or inspector if you have any problems or special needs.

Thank you!

Rene Gomez
Project Manager
