Projects 18-2252, 15-1345

**CAWTHRA SANITARY SEWER PROJECT
North-West Corner of Burnhamthorpe Road / Cawthra Road
City of Mississauga, Ward 4**

What are we doing?

- We are installing a 1500mm (5 feet) diameter sanitary sewer under Cawthra Road between Burnhamthorpe Road and Bloor Street.
- To do the work, we must drill a shaft at the north-west corner of Burnhamthorpe Road and Cawthra Road, inside the wooden-fenced area.

When?

- We will start drilling the shaft in early December.
- We expect drilling to be complete in late January.
- There will be no work at this location for two weeks over the holiday period.
- Our normal working hours are Monday – Friday, 7 a.m. – 7 p.m.

What does this mean to you?

- You may hear some noise or feel some vibrations during the work. We apologise for any inconvenience this may cause.

What will happen next?

- When we have finished drilling the shaft, we will start tunnelling.

Any questions?

- Please call Sandra LeFaucheur at 416-457-3889 with any concerns or questions. You can also email her at sandra.lefaucheur@peelregion.ca
