

**NOTICE OF COMPLETION  
THE GORE ROAD IMPROVEMENTS  
FROM PATTERSON SIDE ROAD TO HIGHWAY 9  
CLASS ENVIRONMENTAL ASSESSMENT STUDY**

**The Study**

The Region of Peel has completed a Schedule B Class Environmental Assessment (EA) for the rehabilitation of The Gore Road from approximately 25m north of Patterson Side Road to Highway 9 in the Town of Caledon.

The Class EA determined that the preferred alternative is a two-lane full reconstruction of The Gore Road. This alternative provides the opportunity to improve the condition of the road base and address the deteriorating pavement condition as well as providing an opportunity to improve the vertical/horizontal alignment and shoulder areas and drainage.

**Project File Report**

A Project File Report (PFR) documenting the study for this Class EA is available for review beginning November 12, 2013 for thirty (30) calendar days on the Region of Peel website (<http://www.peelregion.ca/pw/transportation/envIRON-assess/the-gore-rd.htm>) and at the following locations:
